

# INT 483 - SPACE BODY OBJECT RELATIONS

Kerim Kürkçü

Every Thursday from 14:00 to 16:50

"The world of perception, or in other words the world which is revealed to us by our senses and in everyday life, seems at first sight to be the one we know best of all.

For we need neither to measure nor to calculate in order to gain access to this world and it would seem that we can fathom it simply by opening our eyes and getting on with our lives. Yet this is a delusion."
